

The Ashland County Health Department is seeking a full-time Public Health Nurse to provide a variety of nursing services within the health department, mobile clinic, and community settings. Job duties for this position may include, but are not limited to, case management for the Children with Medical Handicaps Program (CMH), home visits, adult/child immunizations, health screenings, and communicable disease prevention, education, and investigation. This position requires a current RN license, BSN is preferred.

Typical work week is Monday through Friday 8am-4pm with occasional evening/weekend work required. The successful candidate will be self-motivated, demonstrate exemplary teamwork, communication, and relationship-building skills, a professional approach, and a passion for improving public health.

Eligible candidates are encouraged to apply at their earliest opportunity. The position will remain open until filled. Please provide a resume and cover letter.
